

Days Inn Hotel

New Bern, North Carolina

Renovation of an existing hotel built in the 1970's. The renovation consists of the following:

1. Complete renovation of the first floor to include a newly designed front desk with associated offices.
2. Renovation of existing public and employee toilet rooms to meet the current accessibility codes.
3. Renovation of 2 existing hotel rooms on the 6th floor to meet current accessibility codes for the sleeping room and bath rooms.

Address: 925 Broad Street, New Bern, NC

Design Completion Date: 2005

Project Budget: \$ 250,000

Project Architect: Charles W. Bradley, III, AIA
